USERS CONFERENCE**

THANK YOU!

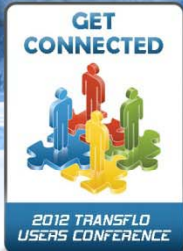

For attending & participating

User Conference

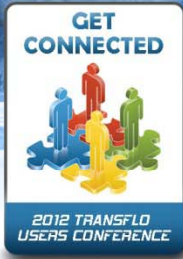

- **Socializing ideas**
- **Exchanging Information**
- **Learning about new solutions**
- **Building a better us!**

Quick look back

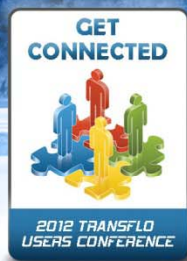

Another Record Year!

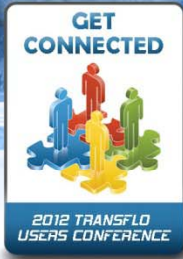

Update

- **TRANSFLO continues to grow. During the past few months we have added Con-way Truckload, TransAm Trucking, Morgan Southern, Western Flyer Express, A&K Energy, etc.**
- **Added tens of thousands of TRANSFLO Now for Mobile Users**
- **Added hundreds of brokers**
- **Over 1000 truck stop scanning stations**

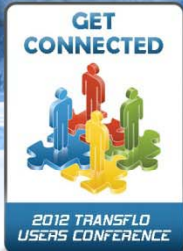

Update

- This past year we've added over 100 new TRANSFLO Express self service Kiosks to meet drivers needs.
- 23 new TRANSFLO Express truck stop locations have been added in Canada to help carriers speed border crossings.
- We've made major investments in our world-class infrastructure & data centers to ensure our track record zero files lost since inception.

Update

- A new support site for TRANSFLO Now! In-cab scanning users is available 24/7 at www.scananywhere.com.
- Share ideas and get support at our new forum for TRANSFLO customers, visit www.transfloforum.com

Update

2011 TRANSFLO Releases

to reduce sales outstanding
and speed cash flow!**

www.transflovLOCITY.com or call 866.503.5702.

***TRANSFLO*WEB™**

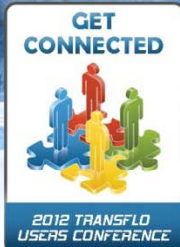

TRANSFLO Web, an online document management system, allows fleets to process delivery documents quickly and easily. It's accessible from any computer with an internet connection. Customers can create invoices from inside the application and email them electronically to any shipper or third party with the supporting proof of delivery documents.

Scan anywhere

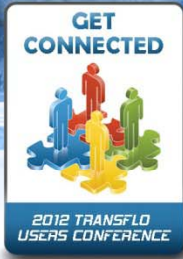

Besides the Android and iPhone apps, are there other applications that you need on the smart phone platform?
